-RICHMOND, VA.

of our program for the years to come? Many of us may establish or help sustain family prayers, at least breakfast table prayers, even in these busy days.

"The decline of family religion is a terrible menace to the Christianity of the future. The men and women of generations yet unborn will have reason to bless you if you stem the tide of worldliness in the home and establish there an altar to our God.

"We cannot escape our relation to the community and the nation. Christian Endeavor must be patriotic, but

not partisan. It must take its place against the desecration of the Sabbath and of every high and holy thing. It must stand for temperance and purity. In other words, it must stand everywhere and always for Christian citizenship."

The speaker suggested as goals for the society for the coming two years four aims. First, a better grading of societies so that wherever possible there will be junior, intermediate and senior societies and alumni councils. Second, closer and more vital relations with pastor, church and denomination with increased emphasis on attendance on church services; by co-operation in denominational and local church plans and by efforts to obtain recruits for Christian service. Third, more emphasis upon religion in the home to help make the home an agency of constructive Christian training. Fourth, more emphasis on "personal stewardship" in duties to community and country as well as to God.

Growth of the World's Christian Endeavor Union from one society to more than 100,000 in the past forty years with a total membership, past and present, of more than 18,000,000 distributed the world over, was pointed out by Dr. Clark.

Roger Babson, the famous business statistician, who spoke on "Christian Endeavor in Business," said the present business depression was due to the failure of the people to live "close enough to God to stand continuous prosperity."

"If the majority of the people in the world should suddenly turn about and live the way Christ taught us to live," he said, "we would never have spasms of hard times and boom times." Business, he added, would develop steadily and evenly.

"The causes of our business depressions are spiritual, and the only means by which they can be remedied and prevented are spiritual means," he said.

He appealed to the young men and women of the country to become imbued with the principles of the Christian Endeavor.

Rev. Dr. Francis E. Clark was re-elected president by acclamation.

### LAYMEN'S WORK.

(Continued from page 7.)

to-day what is going to happen tomorrow, warned the brewing industry of the United States that unless it divorced itself from that element of the business that 'winked' at law violation, and threw its influence actively, openly and aggressively upon the side of law enforcement, it would be destroyed by prohibition.

"By refusing to heed that warning the industry helped to pull down the house of wrath upon its head.

"I think it will be abundantly clear to this committee that in urging the passage of an amendment designed to prevent wholesale violations of the prohibitory laws, Anheuser-Busch is merely upholding its traditional policy, and, at the same time, undertaking to render a constructive service to an industry that is being rebuilt upon the ashes of the brewing business, recently outlawed by the Eighteenth Amendment and the Volstead act."
